## ABOUT THIS PRODUCT

With the wine vacuum pump and wine stoppers for bottles, you can preserve your open bottle of wine from oxidizing and enjoy it up until ten days in combination with the Vacu Vin Wine Saver! Extract the air from your opened bottle of wine with our vacuum pump and reseal it with a reusable rubber wine bottle stopper. Just insert the universal Wine Stopper into the bottleneck and pump until you hear the patented “Click” sound. This signals that you have reached the optimum vacuum level, and an airtight seal. Your bottle is now ready to be stored either in the fridge or on the kitchen top counter.

Preserve wine up until ten days with the Vacu Vin Wine Saver

The Wine Stopper is dishwasher friendly

The Wine Saver is suitable for all non-sparkling wines

The design is highly durable and will tolerate regular prolonged usage
